

Service Change Effective Sept. 12

Dublin/Pleasanton Line to Serve SFO Extension

Effective Monday, September 12, BART service along the San Francisco Airport extension will be adjusted.

Trains from Dublin/Pleasanton will serve the San Francisco Airport extension stations. Trains will arrive every 15 minutes during the day Monday-Friday, and every 20 minutes in the evening and on weekends.

Passengers on the Richmond, Pittsburg/Bay Point and Fremont lines will have a convenient transfer at Balboa Park Station to trains bound for Colma, South San Francisco, San Bruno, SFO and Millbrae.

The Richmond, Pittsburg/Bay Point and Fremont lines will terminate at Daly City.

These service changes were requested by SamTrans, which is responsible for the operating cost of the BART extension to SFO, in order to save money.

After the service change, BART will remain the least expensive, fastest and most reliable way to get to SFO.
